CHEVROLET SPARK CLASSIC:

The Chevrolet Spark Classic combines expressive exterior design, a well-equipped interior and many smart features. A compact yet racy exterior gives the Spark Classic its fun-to-drive and unique look, while the spacious cabin comfortably seats up to five adults. With its high build-quality and clever design details, the Spark Classic is among the safest, most exciting and practical cars in town.

FIND NEW ROADS™

THE ONLY THING THERE ISN'T ROOM FOR IS IMPROVEMENT.

Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

Inside Spark Classic, you'll find everything you could need, and all within easy reach. The refreshed interior of the Spark Classic has been designed with your comfort and convenience in mind— from the uncluttered center console and intuitive control positions

right down to the snappy lines and minimal gaps. From the outside, Spark Classic brims with compact credentials. Yet, inside is a whole other story, with space aplenty

for five to sit and enjoy the ride of their lives on Spark Classic's soft seat fabrics.

Space is important for us because it's important for you. We know that if you've got something special, you'll want to share it.

PERFORMANCE / TECHNOLOGY

MUSIC TO YOUR EARS.

The Spark Classic is the type of car that was made for music, which is why it boasts an AM/FM radio, CD player, USB and buetooth™ which plays through four speakers.

BIG ON THE INSIDE.

1. The Spark Classic's vehicle information cluster is able to display all the vehicles vital information at a glance.
2. The exciting cockpit of the Spark Classic gives you instant access to the command center of the vehicle, featuring both the entertainment system and A/C control.
3. The Spark Classic's steering wheel puts you in control with the ability to answer and make calls as well as control your favorite music, all without ever taking your hands off the wheel.

SAFETY

Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

The Spark Classic might be a ball of fun on the road, but one thing we never take lightly is your safety. Spark Classic was built using a Body Frame Integral Design. Basically, you're in the safe-seat when you're in Spark Classic, no matter which seat you choose.

60% of Spark Classic's structure is made of high-strength steel so that energy is managed at every point of the structure, while crumple zones and motor compartment rails absorb energy from the front, and strong tubular beams in every door keep everyone inside as safe as possible.

When it comes to airbags, Spark Classic's got you covered, with driver and front passenger airbags as well as side and roofrail airbags that protect the thorax, abdomen, head and neck. Within the high-strength steel structure, your safety

is taken care of at every point. And with Spark Classic's inclusion of the LATCH child safety system, you can have peace of mind for everyone on every journey.

PEACE OF MIND COMES STANDARD.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information. Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner's Manual for more air bag information. Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

When you buy a Chevrolet, you don't just take home a new car. You also enjoy the peace of mind that makes driving your Chevrolet a pleasant experience.

MIDDLE EAST VEHICLE TESTING

Every Chevrolet is tested in the region, so we know it can withstand the climate. Then, before launch, we check and double-check every inch of the vehicle for optimal performance. Chevrolet specifically develops many of its features - including its air conditioning, engine cooling systems and paint - to perform in tough conditions. The result is a car you can depend on.

COURTESY VEHICLE PROGRAM

Chevrolet strives for your convenience. In the unlikely event of a warranty repair involving extended repair times, you may be offered a suitable courtesy vehicle for your convenience.

CHEVROLET PARTS

Chevrolet's region-wide dealer network is supported by a well-stocked parts distribution center, ensuring constant availability of parts to keep your vehicle on the road. Chevrolet parts are priced to ensure low cost of maintenance and at the same time guarantee that you get genuine parts at competitive prices.

CHEVROLET CERTIFIED PRE-OWNED VEHICLES

All of our Certified Pre-Owned vehicles come with the confidence of:

- A 110+ point quality inspection
- A minimum 12-month warranty
- 24-Hour roadside assistance
- A 7-day exchange option

Terms and conditions apply. Please contact your local Chevrolet dealer for more information.

COST OF MAINTENANCE

MINIMAL MAINTENANCE. MAXIMUM ENJOYMENT.

Spark Classic delivers affordability well beyond the showroom floor – it's been designed and engineered with minimal maintenance features that keep you on the road for less.

The cam drive, cam phasing and valvetrain components require no scheduled maintenance.

The sophisticated cam-chain tensioner, high-quality cam phasing components and hydraulic lash adjusters are designed to ensure optimal valvetrain performance with no adjustment for the life of the engine.

Advanced control electronics and a wide range of sensors allow fail-safe systems, including ignition operation in the event of timing sensor failures.

Control software protects the engine from permanent damage in the event of complete coolant loss, allowing the engine to operate at reduced power for a prescribed distance sufficient for the driver to find service.

SCHEDULED MAINTENANCE

To complement Spark Classic's intelligent and protective engineering, regular scheduled maintenance will keep it running further and longer. To keep your vehicle in perfect condition, work should be carried out at regular intervals, according to the recommendations in your owner's manual.

MENU PRICING

As time and kilometers pass, certain wear-and-tear items will need replacing. Whether it's wiper blades, shock absorbers, or brake pads, it's all covered in Menu Pricing and our competitive prices will help you keep your Spark Classic on the road with minimal cost. Check with your dealer for details or log on to chevroletarabia.com
