Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

CELEBRATED BY PEOPLE WHO KNOW.

Always known for pure driving exhilaration and beautiful design, Camaro has never been more focused. The critics have taken note. “Camaros are among the most sophisticated driver’s cars in the world,” says Car and Driver in its 10 Best issue for 2018, the third straight year Camaro has made the list. That’s the kind of company we intend to keep.

EXPAND YOUR CONNECTIVITY.

Camaro performance gets a new dimension with a next-generation Chevrolet Infotainment 3 System.¹ This features an available 8-inch diagonal high-definition color touchscreen on select models. The new system provides Bluetooth^{®2} capability for two users as well as the ability to create multiple user profiles. You can also now receive automatic software updates without a visit to the dealership.
