Wireless charging <sup>20</sup>	●	●
Rear Cross Traffic Alert	●	●
Side Blind Zone Alert	●	●
Remote Vehicle Start	●	●

## THE MOVE TO THE MIDDLE.

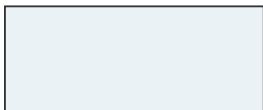

Why mid-engine? First, this puts the weight of the engine over the rear driving wheels to enhance traction. With the engine located behind the cockpit, there's more forward visibility. And with the seats positioned closer to the front wheels, the driver and passenger are located at the car's center of gravity.

The result is instant response, a feeling that the car is rotating around you. With the extra traction on the rear wheels, and nothing but the road ahead, you can dive quickly into a corner under braking and accelerate out smoothly. The Stingray is born to make your confidence soar.

## THE SOUL OF THE STINGRAY.

The heart of the all-new Stingray is a 6.2L LT2 aluminum small block V8 engine. Now in fifth-generation form, it is more compact yet more powerful: 490 standard horsepower and 630 Nm. of torque. The standard Z51 Performance Package adds 5 more horsepower and 7 more Nm of torque, good for 0 to 100 kmph in under three seconds.

## AVAILABLE EXTERIOR COLORS

## FIND NEW ROADS<sup>™</sup>

<sup>1</sup> Read the vehicle Owner's Manual for important feature limitations and information. <sup>2</sup> Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. <sup>3</sup> Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer. <sup>4</sup> Not available with Black exterior color. <sup>5</sup> Includes Carbon Flash Metallic-painted spoiler when ordered with available Z51 Performance Package. <sup>6</sup> Requires sueded microfibre-wrapped steering wheel. <sup>7</sup> Requires GT2 bucket seats. Available with Sky Cool Gray, Adrenaline Red or Natural interior colors. <sup>8</sup> Requires GT2 bucket seats. Available with Sky Cool Gray, Adrenaline Red, Natural, Jet Black/Sky Cool Gray or Jet Black/Adrenaline Red interior colors. <sup>9</sup> Requires Napa leather seating surfaces with perforated sueded microfibre inserts. <sup>10</sup> Requires Jet Black or Adrenaline Red/Jet Black interior color. <sup>11</sup> Natural-Dipped interior comes with Tan seat belts. Tension Blue/Twilight Blue-Dipped interior color comes with Tension Blue seat belts. <sup>12</sup> Not available with Adrenaline Red interior color. <sup>13</sup> Not available with Adrenaline Red, Morello Red-Dipped or Tension Blue/Twilight Blue-Dipped interior colors. <sup>14</sup> Requires Jet Black or Natural interior color. <sup>15</sup> Includes with Natural-Dipped interior color. <sup>16</sup> Not available with Adrenaline Red or Morello Red-Dipped interior colors. <sup>17</sup> Not available with Adrenaline Red or Morello Red-Dipped interior colors. <sup>18</sup> Not available with Tension/Twilight Blue-Dipped interior color. <sup>19</sup> Extra-cost color. <sup>20</sup> The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging and others require a special adaptor/back cover. To check for phone or other device compatibility, consult your carrier.
